

Mimsi Bags Drop Shipping Agreement

For retail stores selling Mimsi Bags products

Thank you for your interest in selling our bags. The following are our guidelines for copyright and sales of our products.

Intellectual Property & Copyright

All designs are ours. You may not display them as your designs. All of our products are shipped out with a hang tag attached, and many of them have our logo tag attached to the product. These may not be removed before sale.

You are allowed to use our pictures to sell the products. If you need a specific size or quality, just ask. We are happy to create pictures to fit your needs. The only requirement for using our pictures is that you save them to your computer - please do not hotlink to our images, as this is bandwidth theft.

Drop Shipping Price Structure

We sell our products to you at 25% off the retail price. You may price them at whatever price above ours that you wish to & keep the profits. If we are offering our products at a sale price, you still get them at 25% off of the full retail price, unless our sale price is a greater discount. Many of our vendors have had good luck selling our bags for a higher price than we charge for them retail - keeping the extra profit for themselves.

You will have a drop ship account set up in our shopping cart that will auto-calculate your cost during the final stages of checkout. You will be charged 25% off of the retail price. We ask that you not click on any other sale links while browsing our site, as you will have extra cookies placed on your computer with discount codes.

Fabric Availability

We will run out of fabrics from time to time. We will do our best to notify you of this. If you would like to choose fabrics that will be for your exclusive use, there is a \$10 fee per fabric to help offset the initial cost of purchasing said fabric. We use primarily Home Décor fabrics, which are heavier weight cotton, and they average around \$12.99 per yard. If you want an exclusive fabric, we will purchase 3 yards at a time to guarantee that we have enough for people who want to order multiple bags in the same fabric (yes, this does happen often).

We are also happy to create bags out of your customer's fabric. We can give you a list of the amount of fabric that we need for each bag, or you can email

us on a case-by-case basis. If we use your customer's fabric, we will deduct the cost of the fabric from the total price. You may choose whether to offer this option or not.

Payment Information

We currently accept payment via paypal. Our payment email address is orders@mimsi-bags.com By ordering through our shopping cart, all of the necessary information is there, however if you have a special order circumstance, please email us or call us at 425-466-8596.

Shipping Information

We ship all of our products out via USPS Priority Mail. The cost for our larger bags is \$8.10, as we use a flat rate box. If you are ordering multiple bags, we will let you know the final shipping cost at the time of shipping. We try to fit as much in a flat rate box as possible, however from time to time we will have to use a larger box, and the weight may cause the cost to go above \$8.10.

If your customer is ordering a smaller bag and we can save you on shipping, we will refund the difference to you at the time of shipping.

Please fill in the following section, sign and return this drop ship form to us prior to your first order. We need the following information for tax purposes, or to reach you for product updates.

Your Name: _____.

Business Name: _____.

Resale certificate./ tax ID#: _____.

Email: _____.

Phone: _____.

Address: _____.
